Step 1 — Speakers

- Place the device face down on a flat surface, so that the screws on the back are facing the ceiling.

Step 2

- Using a screwdriver loosen the four screws connecting the body of the device together.

Step 3

- Once unscrewed, pop the back of the device off using the plastic opening tool.

Step 4

- Take the back of the body and put it aside. We will be working with the back part of the device.

Step 5

- Remove the rubber button by popping it out with the plastic opening tool.

Step 6

- Loosen the screw on the chip with a screwdriver.

Step 7

- Once the chip is off, loosen the screws on the plastic enclosing the speakers.

Step 8

- Using the plastic opening tool, pop the plastic enclosing off.

To reassemble your device, follow these instructions in reverse order.
